### **REQUESTOR'S POSITION SUMMARY**

**Requestor's Position Summary:** "The Texas Department of Insurance Division of Workers' Compensation does not have a specified 'Fee Schedule' for air ambulance services. Adjustments based on a 'fee schedule allowance' would therefore be inapplicable and if a fee schedule would apply, should be based on 'usual, customary, and reasonable charges'. However;

- PHI Air Medical is extensively regulated by the Federal Aviation Administration under the Federal Aviations Act. This Act was amended by the Airline Deregulation Act, 49 U.S.C. Section 41713 (the "ADA") in 1978 in order to impose a single federal regulatory scheme on air carrier thereby precluding state regulation of RATES and routes."

**Amount in Dispute:** \$18,624.22

### **RESPONDENT'S POSITION SUMMARY**

**Respondent's Position Summary:** "We are in receipt of an MDR dated 1/13/15 regarding Air Ambulance Services billed by Phi Air Medical in which reimbursement is being requested at 100% of billed amount.

We have reviewed our original determination and find reimbursement should be \$6,777.00."

**Response Submitted by:** Claims Administration Services, Inc.

### **SUMMARY OF FINDINGS**

### **FINDINGS AND DECISION**

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

**Background**

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. On May 6, 2014 both the requestor and respondent in this dispute were given the opportunity to supplement

their original MFDR submission, position or response as applicable. The Division received supplemental information as noted in the position summaries above. The supplemental information was shared among the parties as appropriate. The documentation filed by the requestor and respondent to date will be considered in determining whether the services in dispute are eligible for reimbursement.

### **Issues**

1. Does the federal McCarran-Ferguson exempt the applicable Texas Workers' Compensation medical fee guideline from preemption by the federal Airline Deregulation Act?
2. Did the requestor waive the right to medical fee dispute resolution?

### **Findings**

1. The requestor maintains that the Federal Aviation Act, as amended by the Airline Deregulation Act (ADA) of 1978, 49 U.S.C. §41713, preempts the authority of the Texas Labor Code to apply the Division's medical fee schedule amount. This threshold legal issue was considered by the State Office of Administrative Hearings (SOAH) in *PHI Air Medical v. Texas Mutual Insurance Company*, Docket number 454-12-7770.M4, *et al.* SOAH held that "the Airline Deregulation Act does not preempt state worker's compensation rules and guidelines that establish the reimbursement allowed for the air ambulance services . . . rendered to injured workers (claimants)." SOAH found that:

In particular, the McCarran-Ferguson Act explicitly reserves the regulation of insurance to the states and provides that any federal law that infringes upon that regulation is preempted by the state insurance laws, unless the federal law specifically relates to the business of insurance. In this case, there is little doubt that the worker's compensation system adopted in Texas is directly related to the business of insurance . . .

The Division agrees. The Division concludes that its jurisdiction to consider the medical fee issues in this dispute is not preempted by the Federal Aviation Act, or the Airline Deregulation Act of 1978, based upon SOAH's threshold issue discussion and the information provided by the parties in this medical fee dispute. The disputed services will therefore be decided pursuant to Texas Labor Code §413.031 and all applicable rules and fee guidelines of the Texas Department of Insurance, Division of Workers' Compensation.

2. To be eligible for medical fee dispute resolution, a request must be timely filed in accordance with 28 Texas Administrative Code §133.307(c)(1), which states:

Timeliness. A requestor shall timely file the request with the division's MFDR Section or waive the right to MFDR. The division shall deem a request to be filed on the date the MFDR Section receives the request. A decision by the MFDR Section that a request was not timely filed is not a dismissal and may be appealed pursuant to subsection (g) of this section.

(A) A request for MFDR that does not involve issues identified in subparagraph (B) of this paragraph shall be filed no later than one year after the date(s) of service in dispute."

The date of the services in dispute is September 16, 2013. The request for medical dispute resolution was received in the Medical Dispute Resolution (MDR) section on January 05, 2015. This date is later than one year after the date(s) of service in dispute. Review of the submitted documentation finds that the disputed services do not involve issues identified in §133.307(c)(1)(B). The Division concludes that the requestor has failed to timely file this dispute with the Division's MDR Section; consequently, the requestor has waived the right to medical fee dispute resolution.

### **Conclusion**

The Division finds that the requestor has waived the right to medical fee dispute resolution for the services in dispute. For that reason, the merits of the issues raised by the parties to this dispute have not been addressed.

### **ORDER**

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
